

**Marin Conservation League
Land Use & Transportation Committee Meeting
Wednesday, March 7, 2018 – 9:00 am
175 N. Redwood Dr., San Rafael**

Agenda

Announcements:

Approval of minutes: February 7, 2017 -

Approval of Agenda:

Guest Speaker: Dr. Judith Ford, of Sonoma State University and Sustainable North Bay, will introduce and lead a discussion on North Bay Forward: Place-Based Planning for a Sustainable, Resilient Future. Without regard to political boundaries, Marin shares the same fire ecology, watershed, food system, transportation infrastructure, housing challenges and workforce, as well as common values of open space, environmental stewardship and community resilience as our fire-ravished neighbors to the north. North Bay Forward seeks to develop plans to bridge the gaps between a future vision of the North Bay and our current state. For more background, see the attachment.

Reports: Wiener's SB-827 (local zoning control) and SB-282 (increases RHNA numbers) - Nona
